Forecast for Sunday 14 Nov 2021

Weather: Dry overnight with variable cloud, and some clear spells best of these in the west of the area. Mainly dry through daylight hours, some bright or sunny intervals especially in the Aberdeenshire Hills in the morning. Cloud gradually thickening with some patchy drizzle in the west in the afternoon then some outbreaks of light rain in the evening though the northeast staying dry.

Chance of cloud free mountain/hill tops above 800m: 90% in early hours falling 70% in morning and 10% in the afternoon.

Visibility: Mainly good away from cloud then becoming moderate occasionally poor in occasional rain and mist in the afternoon, as the cloud bases gradually lower to 500-800m, the lower bases in the south and west.
